# *What Our Ideals Are,*

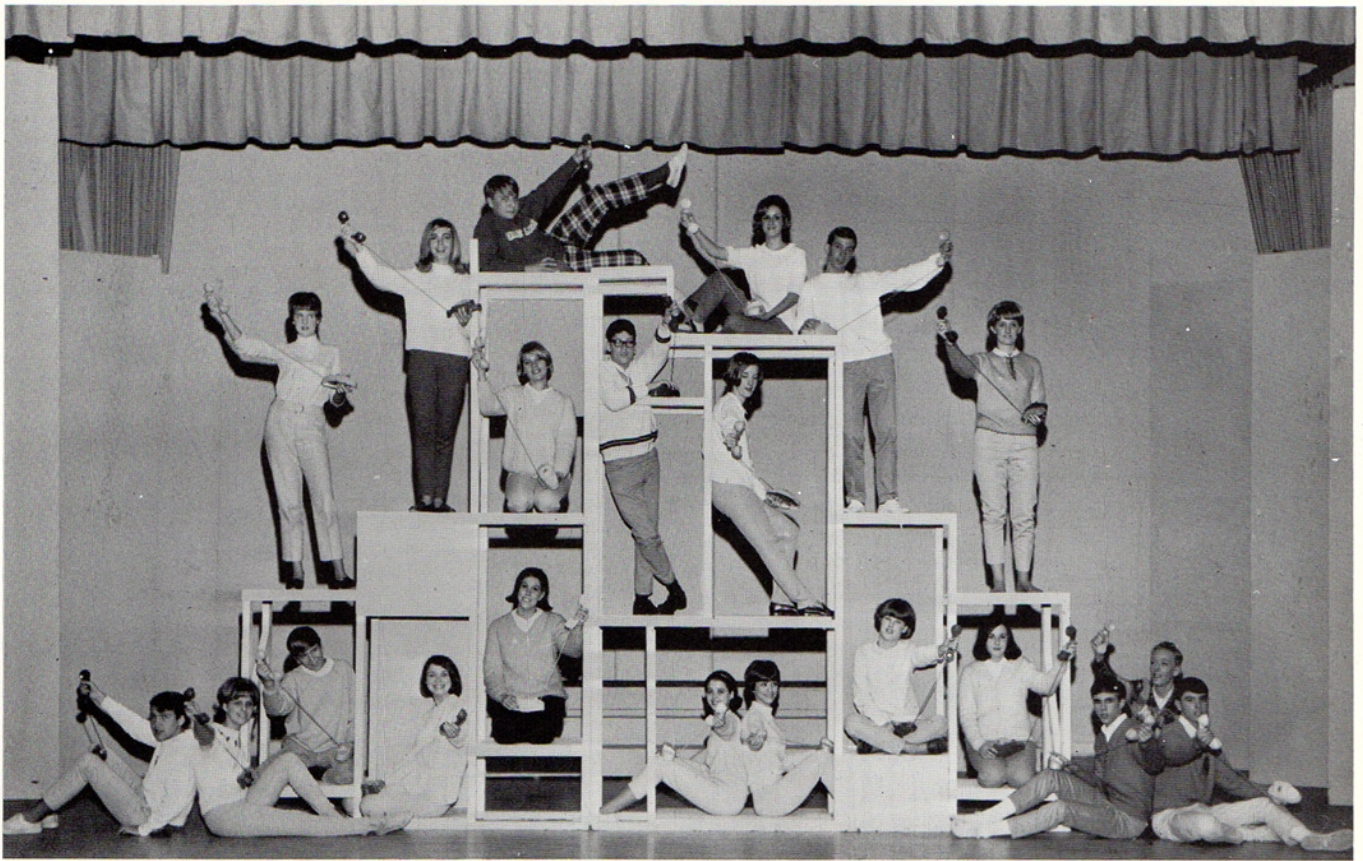

## We Are . . .

Not changeable as the weather, the eternal truths we accept as part of our outlook on life affect everything we say or do. Such qualities as honor, service, leadership, scholarship, and citizenship are as much a part of what Messick offers us as factual knowledge. Without them, knowledge alone is of little value. Traditionally Messick has had a spirit which has continued to inspire her graduates long after they have left her halls. By explaining the school seal as its parts relate to various portions of school life, we hope in this book to show in a more tangible form some of our ideals.

Much work went into making the telephone scene from "Bye, Bye Birdie" a smoothly coordinated unit.

Keeping in step during the Veteran's Day Parade in Messick's drill team which captured a first place trophy

"What's the matter with Kids?" wonders Mr. McAfee (Don Riley) as daughter Kim (Marcia Sweatt) keeps phone wires buzzing in "Bye, Bye Birdie."

# Unity . . .

Unity is truly perfected in the Messick High Band as it played for Cotton Carnival royalty and residents of the Mid-South.

Messick's Music Department presents "Around the World in Eighty Days" in a most unique form.

# Strength

Taking a jump ball from Cy Nobles is John Phillips. Stamina and cooperation are needed to produce a winning team.

and

"Walkin the Strings" for the Talent show is David Miller, one of the many participants in a lively production

# Growth

An enthusiastic yell, a frosty night, a stirring beat from the band—these are the ingredients of school spirit. Here Rhonda South gets a cheer off the ground.

Club Day brings laughs and creates interest in the various Messick organizations. Here Wysteria (Joe Callaway) rescues the annual from the "lack of school spirit" monster.

## Reflections . . .

*Upon the Mississippi, the glow of the setting sun casts a luminous shadow as it slips beyond the horizon. So the light and shadows of our days at Messick fade into memories as we await the future and the dawning of a new day.*

## Scholarship and

In memory of her husband, Bennie Forrester, a former Messick graduate who was killed while on an Air Force mission, Mrs. Forrester presents these original paintings to the Messick library. Mrs. McCall, Assistant principal, received them for the school during an auditorium program.

"I light this candle to represent service," so says Brenda Childress as she prepares to talk at the Honor Society initiation.

## Service.

Decorating a basket for the White Christmas program are Paul McAnally and Debby Kirkland. Each homeroom annually donates a basket of food to a needy family

Giving up study hall, office assistants help keep the school operating efficiently. Here Cathy White cuts absentee blanks assisted by Suzie Holley

Admiring the dolls which the group dressed for the Goodfellows are these Future Homemakers of America members. Debbie Ramsey, Regina Summers (seated), and Roberta Hood, Glenda Young, and Kathryn Shipp. Such service projects are common among Messick clubs.

During an open house for the faculty, Mrs. McCall serves her husband, Walter, a cup of punch. His outstanding rose garden and the beautiful furniture he makes as a hobby enhance their Whitehaven home.

## Dedication

It is most fitting that this book with a theme explaining the ideals of Messick should be dedicated to Mrs. Lottye K. McCall. Her devotion to the study of upholding such ideals as courtesy, truth, honor and service has played an invaluable part in making Messick the fine school it is today. Through the years she has exemplified the high standards she has sought to instill in each student. She came to Messick, in 1922, where she has taught junior and senior high school English and speech. During her twelve years as speech teacher at Messick, Mrs. McCall built a program which was not only effective but outstanding. In 1953 she was appointed assistant principal, an office which she still holds. Mrs. McCall has served as state president of Delta Kappa Gamma Society and has held offices in several other professional organizations. She has received numerous honors of which she has the distinction of being listed in both "Who's Who in American Women" and "Who's Who in American Education."

Without the aid of the people in this section there would be no section, or annual, for in fact there would be no school without—our faculty.

The Panther shield of Messick is tradition, so is our faculty. The sun of the shield represents light, and truly the teachers enable the students at Messick to see the light in this world of illiterate darkness. The chain represents strength. The teachers are the binding chains which strengthen the relationship between the students and knowledge. Our faculty lit the torch of scholarship on this shield, and it will continue to burn as long as we at Messick have such fine dedicated teachers.

The Flame of Education represented by the Torch leaves no dark corridors leading to knowledge. It provides light for countless generations in their search to abolish ignorance, to calm curiosities, and to curb superstitious beliefs. It inflames the questioning mind of man; therefore directing man in the pathway of clear and certain understanding.

Shining upon the crest the rays of sun show joy and light. These can be seen in our daily school life. Joy can be felt by having friends and being one, by joining whole-heartedly in school activities, and by feeling Messick's fine school spirit.

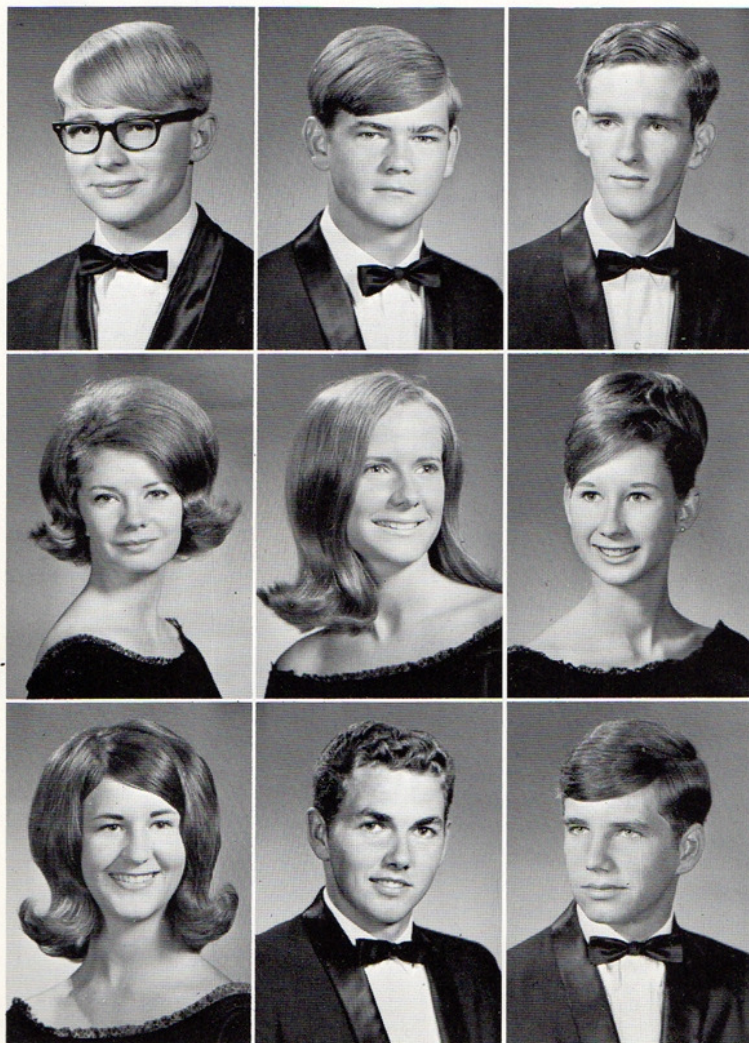

Light is seen when one's knowledge is strengthened not only academically but in our everyday dealings with the world around us.

"A chain is as strong as its weakest link." On Messick's crest the chain is the bond of loyalty, spirit, and dedication which assures our school a place as a leader in modern education. Messick's chain is one of people gaining strength through individual abilities and aspirations.

Also embodied in the crest is a Latin phrase meaning "We do as we please, pleasing to do right." Doing right at all times is never easy and often extremely difficult, but this trait must become ingrained in Messick's students who have shown that they do "please to do right" and thus are among the chain's strongest links.

## Miss Messick

Marcia, kept busy by her duties as President of the Student Body, still finds time and energy to participate in school plays, Mu Alpha Theta, and the Pep Club. Ranking high scholastically, she was initiated into the National Honor Society during her junior year. Not only is Marcia an outstanding student, but also she takes part in church activities, gives dancing lessons, and enters various contests. Our Miss Messick for 1967 is Memphis' Junior Miss, first alternate to Miss Teenage Memphis, and Miss S.U.N.

## Friends from

### Masashi Kotake

Masashi Kotake of Okayama, Japan, wanted to come to Memphis to go to school for a year. So he wrote the Mayor and asked for a place to stay, saying he would pay all his expenses for living and school. Memphis warmly accepted him, and so did Messick. Now residing with the family of James Blake, Mickey, as his friends call him, likes Memphis. When not busy with his school work, he enjoys judo, skiing, roller skating, table tennis, and stamp collecting. His happy smile is a welcome addition to Messick.

# Foreign Lands

Petra Hoffmann —Walbeck

Imagine traveling 4000 miles to go to school in a strange new country with new people and a new language. Sound exciting? Petra Hoffmann-Walbeck did just that through a program of the American Field Service. She was one of seven students chosen out of 200,000 in her home of Braunschweig, Germany. Petra finds it astonishing that she has not yet been homesick. Accelerated English, Russian, American history, speech, and trigonometry don't give her much time to get homesick. Her American home is with the family of Harriet Van Deusen, and Harriet tells us Petra loves animals, cooking, classical music, and painting. Messick welcomes her smiling face and cheery attitude and wishes Petra the best of everything throughout her stay here in Memphis.

# Organizations

*Editor Mary Rixie  
Assistant Pat McGowen*

Down through the years students have found through various organizations the true meaning of traditions at Messick. Strength, represented in the crest by the chain, is gained through interest and experience in a specific area. The star is for ambition, attained through participation and a desire to do the best possible. Growing as the vines do in the crest, Messick students develop character and leadership while displaying enthusiasm for club work. Scholarship, as the torch displays, kindles peace and lights the way to the future. Rewards are seen in each face as each achieves his goal at Messick and throughout life.

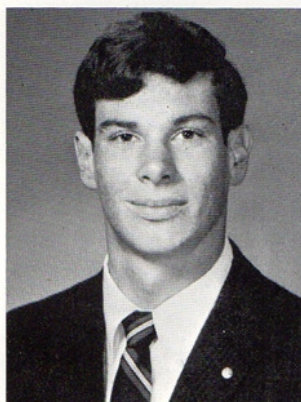

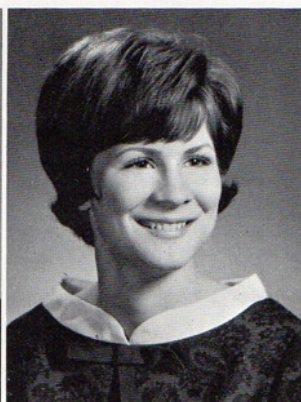

*President*  
Marcia Swett

# Student Council

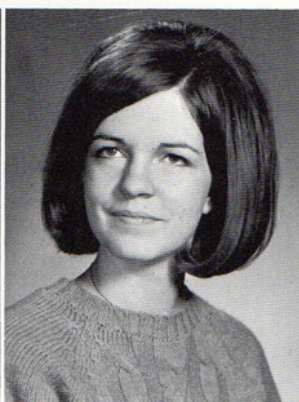

Members of the student council soon find out the importance and responsibility of this organization. Mental and physical exertions run high, but the satisfaction of a job well done makes it all worth the while. Campaigns in the spring after the nominations of officers are always barrels of fun. The halls are plastered with posters and people are covered with tags. The students on the student council, along with Mr. Rosebrough and Mrs. McCall, lead the government of Messick.

Various and enlightening programs this year included the initiation of 39 new members in November, the lectures on the use of the slide rule and computers, a student participation program showing how mathematics is used in other subjects, and a mathematical construction program which became a contest between the boys and girls.

# National Forensic League

#### NFL

The main objective of the National Forensic League is to train leaders. Great value is found in the encouragement and incentive that NFL gives students to become effective speakers, and hence more successful and influential citizens. These opportunities are found in debate, public speaking, and oratory. The Messick chapter of NFL was obtained in 1934, and has since received the leading chapter award for Tennessee three times. Each year our chapter sponsors a speech tournament which is known throughout this area. Messick is justly proud of the members and goals of the National Forensic League.

## Honor Society

Honor, Character, Scholarship, Leadership, Service—these are the traits required for membership in the National Honor Society. Each April (after fall initiation for seniors, and just before spring initiation for juniors) a luncheon is held at which the officers are elected. Graduated members are not forgotten, but always welcome at an annual Open House just for them, usually held during the Christmas holidays.

## Choral Club

The Messick Choral Club made up of students who enjoy singing and like hard work was formed many years ago. The purpose of the club is to uphold the high standards of Music performance and learning as set down by the Music Educators conference and the National Education Association. The school, church, community, city, state, and even national activities find members of Messick Choir participating. This year one of the members has been chosen to sing in the National Chorus of America. Such opportunities and many more are open to any member of Messick's Choral organization if they are willing to work for them.

# A Cappella Choir

Under the qualified direction of Mrs. Travers, this talented group is composed of students who are interested in music and who have an ability in the musical field. This year, dressed in their attractive black and red robes, Messick's A Cappella Choir presented the annual school White Christmas program. Throughout the year they also perform for many important social clubs and churches.

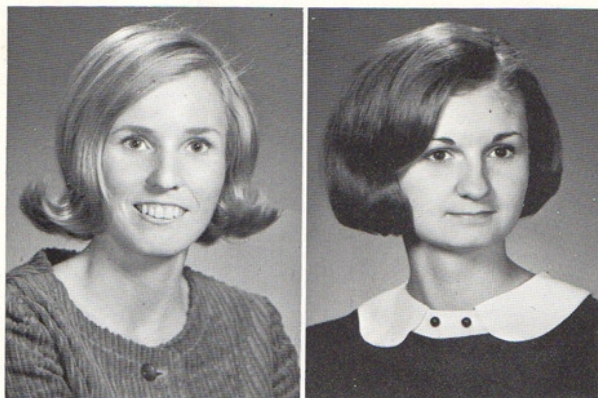

FAME HAS COME to Messick this year in the form of music awards. Sammy Stevens and Karen Williams won national recognition, and Mrs. Travers is justly proud as their teacher.

"Attention—forward march!" These are familiar words around the Armory ... Each cadet at Messick can take pride in knowing that his R.O.T.C. Battalion is one of the best in the city. Discipline and character are instilled into each boy by excellent instructors.

The course of study follows many things from first aid to weaponry to protection from nuclear fallout. Following the ideals of the school, the R.O.T.C. prepares every young man for the present and the future. From raw recruits able leaders are moulded. While signifying the school as a whole, the Messick crest is especially appropriate for the Messick athletic program. The panthers supporting the crest symbolize the student support, without which no athletic program can be successful. The football team, represented by the vines of growth, while not doing very well this year was young, inexperienced and better things will be forthcoming next year.

The star of ambition as the guiding principle of the basketball squad, found the boys doing better than expected.

Baseball being the strong point of the sports program is, as it should be, symbolized by the chain of strength. The team under Coach Luttrell always made a good showing and we are sure they will continue to under Coach Cordell.

Aside from those already mentioned, sports offered at Messick include track, swimming, and golf.

## Junior High

Co-Editors: Janice Atkins  
Betty Kay Whitehead

Junior High students at Messick set their star of ambition high for they will be our leaders of tomorrow. Before they can become the leaders, they must not only grow in stature, but in intellect. This is how the vines of growth represent our Junior High students. To grow in intellect they must have scholarship, represented by the torch. To achieve this they must put in many hours of studying. Growth in stature requires strength, represented by the chain. These students are the chain that will make a better high school of tomorrow. If you put these qualities together, you find that they are the qualities of the leaders of tomorrow.

GUIDING OUR STUDENT body in leadership are: Dennis Jones, Director of Traffic; Susan White, Girls' Vice-President; Ray Glasgow, Boys' Vice-President; and Judy White, Director of Sanitation. The sponsors this year are Mrs. Brownlee, Mrs. Overton, and Mrs. Tuggle.

EAGER TO PROMOTE spirit are this year's Pep Club officers Jimmy Murchison, Lee Wright, Nancy Hughes, Norma Rafferty, and Miss Allen, sponsor.

During the football season, the Messick Junior High Pep Club accomplished many things. At the first of the year, an acceptable constitution was drawn up. At the start of the football season, ribbon badges were made for the members of the club. During Pep Week, beginning October 26, the club sponsored a "Secret Panther", encouraging school spirit, and had a dress up day, using an "Old South" theme. Later, posters were made for Junior High basketball games. The club concluded a successful season by holding a student-teacher basketball game, with proceeds going for cheerleading equipment.

The Junior High Latin Club is affiliated with the National Junior Classical League. One of its goals is to promote a greater understanding of the contributions that have been made to our present society by classical Greece and Rome. Our programs involve special reports, skits, games, and contests designed to further this goal. The high-light of the year is the Mid-South Latin Tournament which is open to all students enrolled in Latin classes. This year's tournament will be held at Memphis State University in April.

## Latin Club

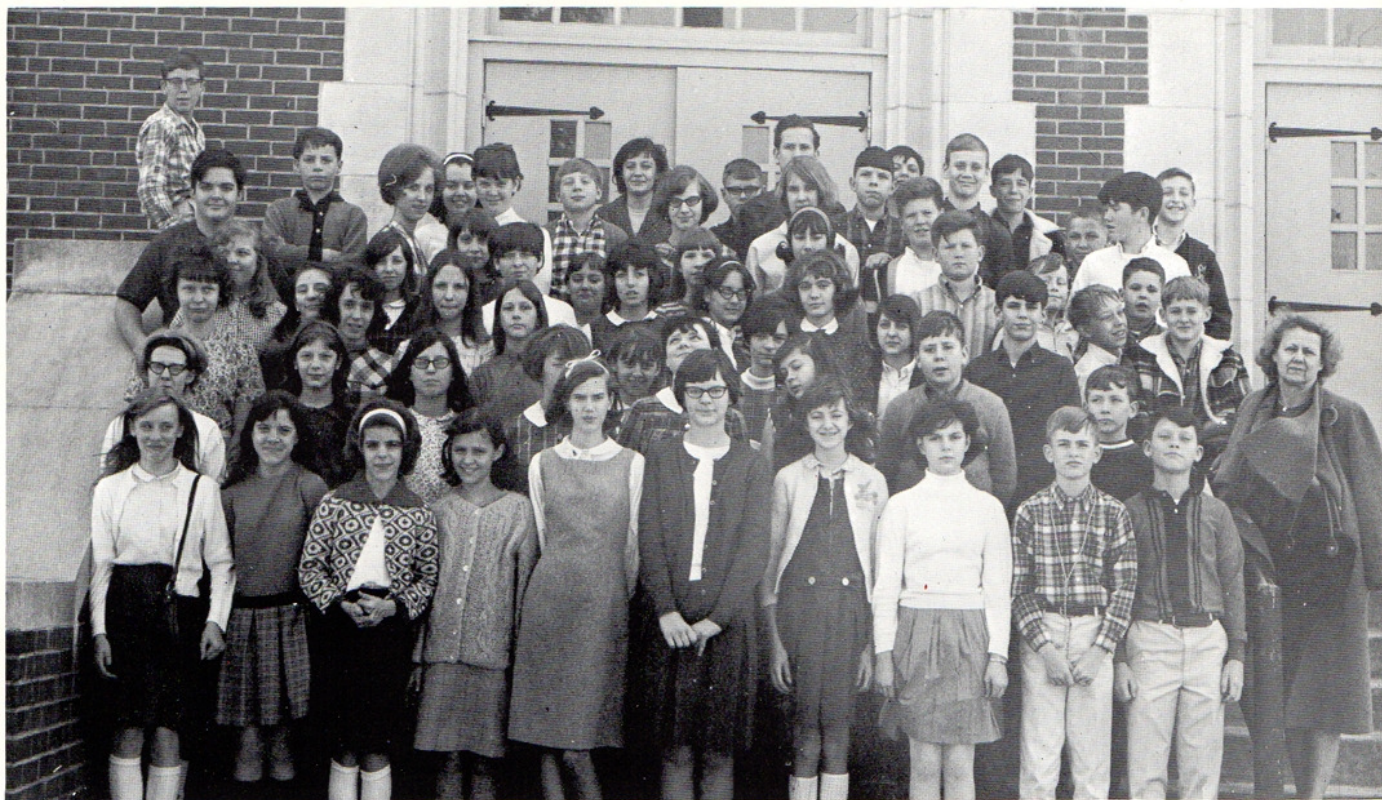

HEADING THE ACTIVITIES of the Latin Club are: Teresa Wiggins, Chris Ainsworth, Norma Rafferty, James Patterson, and Claudia Rippee.

LATIN CLUB

ART CLUB

The Junior High Art Club met last autumn to elect officers and decide on the year's activities. At their meetings the members enjoy making tray favors, artificial flower arrangements, decorative candles, and other seasonal remembrances for patients in hospitals. The club has made trips to the Brooks Art Gallery and Art Academy—singly or in small groups for art, music, and other cultural movies or exhibits. They are encouraged to further their art appreciation by visits through city-wide and neighboring galleries and museums.

CHORAL CLUB

## Choral Club

To enjoy music of long ago and up-to-date themes is the purpose of the Messick Junior High Choral Club. On December 21, 1966, the Choral Club presented the White Christmas program. They also sang at one of the Junior High assemblies and at a local church.

*Hall Monitors*

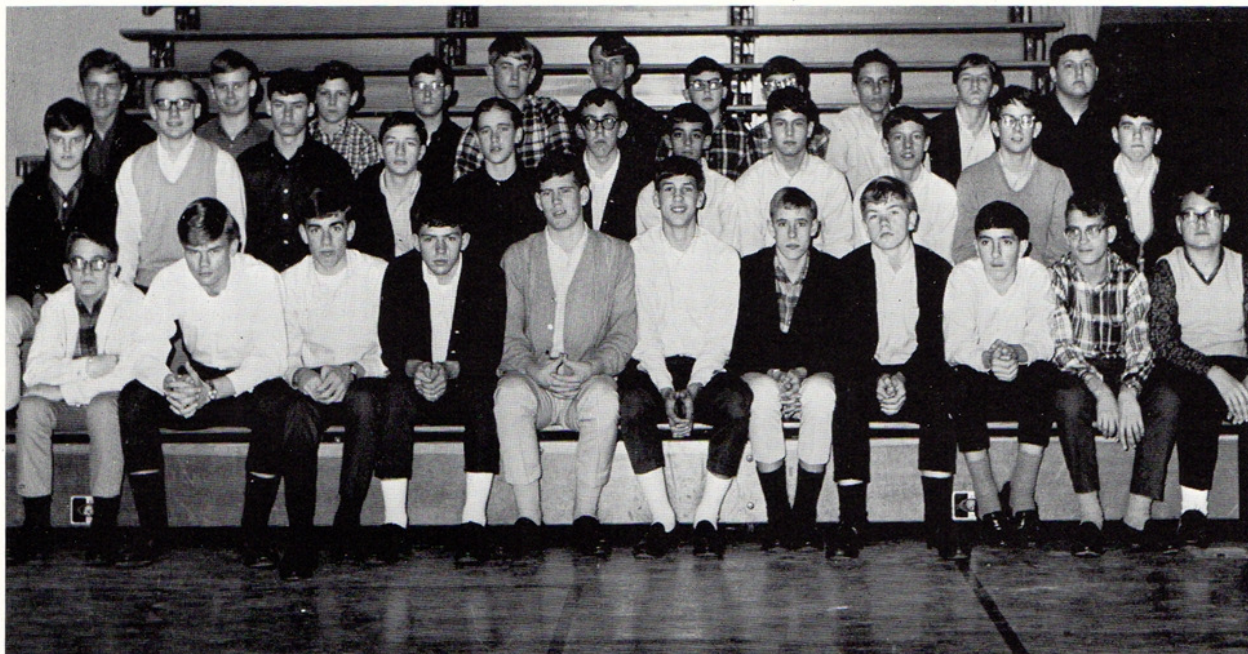

Keeping us from straying in the halls is the sole purpose of the hall monitors. They are ever present and cheerful as they go about their duties every day. You always see them between periods on their posts, alert and forceful.

*Lunchroom Monitors*

Ever present in the lunchroom monitors' minds is keeping a clean eating environment for others. They realize how important it is to have a clean place to eat so they do their job with zeal. The lunchroom monitors are chosen by the Director of Sanitation for their willingness to work.

As all of the elements of the school seal must be in harmony, also the school must be in harmony with the community to function properly.

Advertisements is one of the main sources of income for the annual. Every summer the staff members sell the ads in the following section to local establishments. The advertisement section is one of the most important in our yearbook, and we wish to thank our patrons for their support.

Zierman, Judy 107  
 Zierman, Richard 73

Like any publication, a yearbook is the product of the hard work and the diligence of its staff members and faculty aid. Because there are no words to express my appreciation to them, I would like to offer a simple and heartfelt Thank You.

Sir Francis Bacon wrote in his essay "Of Studies". Some books are to be tasted, others to be swallowed and some few to be chewed and digested; that is, some books are to be read only in parts; others to be read, but not curiously; and some few to be read wholly and with diligence and attention." Though this book may have imperfections, we, the '67 Panther staff, hope the reader will overlook these and give the proper attention to the book's theme by carrying the traditions and ideals of Messick into the future.
